

I Miss Her Texts

This tragedy so close

We know how to kill each other

My enemy in me

Just dropped a kiss from hight

It's time for last goodbuy

I am no more

A friend

I hold

Your touch

I'll give away

My days

My nights

To hold your touch again

The time goes back

I'm raising my last flag

It burns

My boats are sinking

My tanks get waisted

I am no more

A friend

I hold

Your touch

I'll give away

My days

My nights

To hold your touch again

Again

Again

Again

Again
