

## Nothing Else To Do

At last I try to be sincere.

A guess it's time for me to

Disappear.

I'm getting tired to be strong.

And I suppose that it's too long

I loved you.

Long I loved you.

No. Nothing else to do.

Just kill and bury you...

No. Nothing else to do.

Just kill and bury you...

Kill and bury you...

It's sad I always have to wait.

It's sad. It makes me hate you.

I always try to stop my self.

But I...

But I always...

Be there for you.

No. Nothing else to do.

Just kill and bury you...

No. Nothing else to do.

Just kill and bury...

Kill and bury

Kill and bury ...you...
